### SEVEN 26TH DIV. MEN INJURED WHEN AUTO PLUNGES OVER BANK —LOCAL BOY'S SKULL FRACTURED

(By Associated Press)  
Ayer, Mass., April 22.—Seven artillerymen of the 26th Division and two civilians were taken to the base hospital at Camp Devens suffering from serious injuries received in an automobile accident early today. Another soldier who was thrown more than 50 feet did not receive a scratch. The ten men were riding in a public automobile from Lowell when the machine, failing to make a sharp curve near the main street railroad bridge, crashed through a heavy guard rail and plunged over a 30 foot embankment. The machine turned over three times, scattering its passengers in all directions, landed on its wheels and started in the opposite direction.

Several of the soldiers were believed faintly injured. The most seriously hurt were Private William H. Parks of Portsmouth, N. H., fractured skull

and internal injuries; Wagoner Harvey Westerlund, of Worcester, contusions of the spine; Private John H. Thomas, of Wilkesbarre, Pa., skull fractured; Corporal Albert M. Boland, of Worcester, internal injuries; and Private George A. Thurl, of North Adams, broken ribs and lacerations. Corporals Arthur H. Flynn and Clyde C. Elliott, of Worcester, received scalp wounds and body wounds. Serge Carter of Draught, the driver of the machine, and John F. O'Neill of Lowell, the other civilian, received severe head and body lacerations and it was believed the latter suffered internal injuries.

Private Alfred C. Currier of Manchester, N. H., was thrown from the automobile first and landed at the foot of the embankment, just in time to crawl out of the way of the tumbling machine.

### Will Send German Delegation With Full Power to Sign Peace Terms--Italy's Demand Holds Up Conference--Revolution in Turkey Raging

#### SEN. SMOOT IN FAVOR OF LEAGUE

(By Associated Press)  
Ogden, Utah, April 22.—Senator Smoot announced last night that he would support the league of nations covenant provided it contained the amendments reported. He said that he understood from the press that the amendments would include provisions as to the Monroe doctrine; that the league could not say how many troops should be supplied for foreign expeditions; that the league should not have control over internal affairs of any country; and that no country would be required to become mandatory against the wishes of its people.

#### AUTO TRUCK SCARES PEDDLER'S HORSE IN KITTERY

A horse belonging to a fruit peddler caused some excitement in Kittery yesterday. Becoming frightened at a passing auto truck on up street, cleared himself of the wagon and ended the wild trip after jumping the fence of C. M. Prince's yard. After a few minor repairs the fruitman went on his way. The horse was cut slightly.

(By Associated Press)  
Germany has bowed to the virtual ultimatum of the Entente and will be represented at the peace congress by a delegation having full powers to negotiate a treaty of peace. It is probable that the actual meeting of the allied and German delegates will not occur until April 28th. Germany is ready to call for a referendum on the treaty, it is reported from Berlin.

In the meantime the Italian situation is a source of much concern in Paris. After conferences with Premier Lloyd-George and Clemenceau on Sunday and yesterday morning, Premier Orlando and Foreign Minister Sonnino of Italy absented themselves from the meeting of the council of four yesterday afternoon and again today. Whether this marked a virtual withdrawal of the Italians was not developed. President Wilson still opposed recognition of the treaty of London under which Italy lays claim to Fiume and the Dalmatian coast

and has prepared a statement on the subject which will be made public if the deadlock continues, it is said.

A revolution has broken out in Turkey and a Soviet government has been set up, according to dispatches originating in Bolshevik quarters. The Hungarian Soviet government, headed by Bela Kun, is reported to have fallen. Roumanian forces advancing from the east have been joined by Czech troops and the Soviet army has been defeated. According to advices soldiers representing a minor race living in the Alps have deserted the Soviet army and joined the Roumanians. Advices from Budapest indicate that the Soviet Democrats will take over control. The Soviet regime at Munich has also crumbled, the end coming on Saturday, according to reports reaching London. On the first front in Russia forces under the command of the All Russian government have again defeated the Bolsheviks. Demoralization in the Bolshevik ranks is reported.

#### WILSON WILL NOT INTERFERE

(By Associated Press)  
Washington, April 22.—Administration officials were advised in a confidential telegram from Paris today that in the consideration of problems confronting the peace conference such as Italy's Adriatic claims and the question of an alliance to protect France from future aggression, President Wilson would take no action which might in the slightest degree jeopardize the league of nations or conflict with its fundamental principles.

#### LOCAL BOY HURT Receives Fractured Skull and Internal Injuries at Camp Devens in Auto Accident.

William H. Parks, who was so badly injured in an automobile accident at Camp Devens, Ayer, Mass., early today, is the son of Mr. and Mrs. George L. Parks of this city. He was a member of the 26th Division and returned from overseas last week. Young Parks volunteered for service soon after war was declared, although but 19 years of age and called for overseas

gallantry. The young soldier passed the week end at his home in this city a week ago and was pleasantly anticipating his release from Camp Devens and his return home again.

The nervous accident to the brave young soldier, and to one of Portsmouth's boys who so quickly responded to the call for service will be heard with regret not only by his friends and acquaintances but by all our citizens.

Mr. and Mrs. Parks are grief stricken over the sad news and left this afternoon for Camp Devens, Ayer, Mass., after receiving the telegram telling of their son's accident.

#### MEETING WITH MUCH APPROVAL BY THE PEOPLE OF THIS CITY

The Herald's suggestion of a July 4th celebration to honor the returning soldiers, sailors and marines of this city who served in the World War has met with much approval by the people of this city who believe that Portsmouth has a double reason for celebrating on Independence Day.

If we are to undertake this celebration no time should be lost and a general committee should be appointed at once to give the affair the proper start.

The young people especially have expressed themselves as much interested in such an event. The affair would bring thousands of people to this city on that day.

The Chamber of Commerce, City Council, social and patriotic organizations, can do much toward the event. Once we make a start, Portsmouth will do herself proud on the occasion as she has in the past.

#### THREE NEW FIRE ALARM BOXES

Two for Atlantic Heights and  
One for the Shipyard.

When the changes in the box numbers of the fire alarm are made three additional boxes will be connected with the system, two at Atlantic Heights and the third at the Atlantic shipyard. The boxes will be numbered 171, 172 and 173. Equipment for this installation will be rushed along as quick as possible. One of the boxes to be located at the heights is the former private box No. 58 at the Blodgett Brewing Company which the owners turned over to the city for whatever use could be made of it.

### S. S. VEDIC BRINGS N. H. BOYS HOME

(By Associated Press)  
Boston, April 22.—The transport Vedic brought 53 officers and 2180 enlisted men to this port today. Included in the number were 200 members of the 103d Field Artillery, recruited from New Hampshire, Rhode Island, Connecticut, and the New England Coast Artillery, part of the 128th Field Artillery, a bakery company and Illinois, Missouri, Pennsylvania and Connecticut casual companies made up the remainder of the passenger list.

The Vedic was met by a fleet of welcoming boats. One of the boats carried a delegation from Manchester headed by Gov. Gardner, whose especial mission was to greet members of the 128th Field Artillery. Made up almost entirely of St. Louis men.

### FIFTH LOAN STARTS WITH ENTHUSIASM

(By Associated Press)  
Boston, April 22.—New England got away with a flying start on the first day of the Victory Liberty Loan drive. Massachusetts contributed the major portion of the first day's pledges, the figures of this state being \$21,663,000. Connecticut's total was \$6,240,000; Rhode Island \$1,893,000; Maine \$791,000; Vermont \$685,000; New Hampshire \$287,000. New England towns added to the honor roll today included Johnston and Peterboro, N. H., Dorset and St. Gerol, Vt.

#### WELCOME HOME

J. Russell Elwell, son of Mrs. Harry Philbrick of Rye, has arrived in New York from France. He served as a gunner on the U. S. S. Seattle.

I have had my housework all done before 11 o'clock since the telephone strike. Why not adopt the rule not to use the phone only as a matter of business. Help save time and money.

### WIFE HELD ON MURDER CHARGE IN N. Y.

(By Associated Press)  
Boston, April 22.—Mrs. Marie Olive Fisher, 20 years of age, was arrested here today charged with the murder of her husband, Eugene L. Fisher. When arraigned she waived examination, and was held without bail. The couple had lived in this city about two years and according to the police came from Lewiston, Maine.

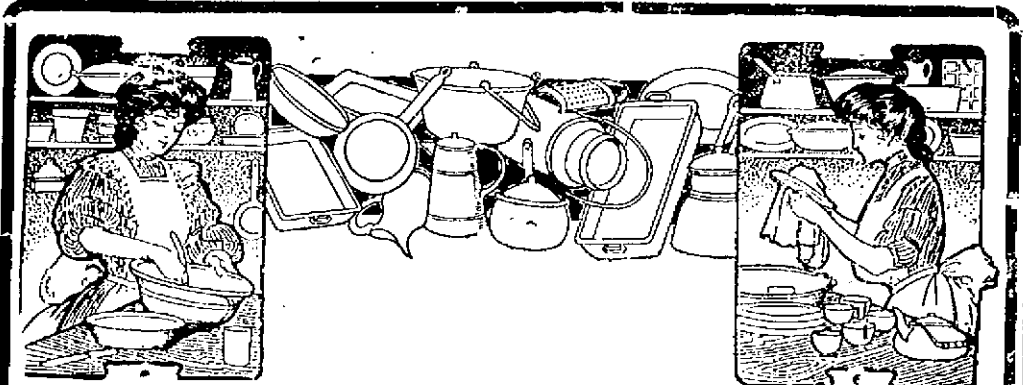

Fisher, who was four years older than his wife, was killed by a shot from a revolver, which the police say the woman admitted buying. The shooting occurred about midnight in

## GOVERNORS TO REVIEW 26TH DIVISION TODAY

Camp Devens, April 21.—Today marks the beginning of the most strenuous week the members of the Yankee Division have seen since their return to the homeland. No more passes home are to be issued for all times. Indeed the cantonment is in a flutter of excitement, a presurable excitement.

To begin with tomorrow is Governor's day. It is the day of the big division review which Maj. Gen. Harry C. Hays will tender to the Governor of the six New England states. The commander of the Yankee Division will hold this review rain or shine, for it is the only thing that can be devoted to the ceremony.

## WAS TO "HOCK" CROWN GEMS

Ridiculous and humorous remarks are always heard when the name of Countess of Gales is mentioned. The news that "Tina" has no funds is received everywhere with pillars of laughter. "Tina" is the name of the Countess of Gales, who is the subject of conversations on the backbenches and in the columns of humorous publications. "Tina" is now at the Dolder Hotel in Zurich and is said to be meeting his bills regularly but the size of his tips has shrunk. The flow of paper marks which came from Germany during the reign of Emperor William has been stopped and although it has been officially denied the rumor persists that the former Queen Sophie the sister of the former Emperor of Germany, had had to call upon some friends to visit the pawnshops with some of the royal jewels.

King Nicholas of Montenegro divides his time about equally between Nice and the Hotel Maurice in Paris. When he is not busy planning decorations of an unimpeachable visitor he is working hard to regain his throne. There is strong opposition among some of the five big powers to Nicholas returning to Cetinje either as king or as a prominent citizen.

Of the smaller princes, Joachim, youngest son of the former German Emperor has been living in a hotel at Chig, Mountain, Switzerland under the name of Count Montebelli.

Apparently, the former Prince of Bavaria of western front fame, was the guest of the Bishop of Constance, and for some weeks his present whereabouts are unknown. Apparently he has never recognized the Republic of Bavaria and his last words upon leaving Belgium were: "I abdicate nothing; I renounce nothing."

Louis, the erstwhile King of Bavaria, succeeded in entering Switzerland and the lieutenant in charge of the frontier post of entry was arrested for allowing him to depart without proper passports. Louis was travelling as a commercial man.

Most of this galaxy of Kings, Emperors, Dukes, Princes, etcetera, are short of money.

## ITALY BALKS AT MEETING OF COUNCIL

(By Associated Press.)  
When apparently the Council of Four were ready to take decisive action on the Italian claims for the Adriatic, with the shore and islands and the city of Fiume the Italian delegates, Premier Orlando and Foreign Minister Sonnino failed to appear at this afternoon conference. They had talked incessantly to Premier Clemenceau earlier in the day on this subject and the Council were ready for a climax this afternoon and President Wilson attended the meeting altho he had not attended the morning session, or that of Sunday.

It was expected that the question would be decided at this meeting but no action was taken owing to the absence of the Italian delegates. It was announced that the Council would not take any action pending the action of Italy.

Germany has accepted all of the conditions for the Versailles conference laid down by the allies and her delegates will be something more than messengers.

The Italian Parliament which was to have convened on Wednesday, has been postponed until May 6. A delay of three days in the Versailles conference is probable as the German delegation has informed Marshall Foch that they will be unable to reach Versailles before April 28. They were invited to be present on April 25. The three days delay will be of great benefit to the allies for them to complete the draft of the treaty which is said to contain 100,000 words.

Talk of German delegates would be merely messengers is dispelled by the message sent to Marshall Foch, that the German government would send six of the most prominent men including Count Von Brockdorff-Rantzau the foreign minister.

A new article in the treaty will make it impossible as it forbids Germany to loan German officers to give military training.

## VICTORY LOAN STARTS WITH A RUSH

Washington, April 21—Uncounted millions poured into the country's treasury today the opening day of the Victory Liberty loan. While no official figures were available or was any attempt made to compute them, the demands for the first day was exceptionally big.

Telegrams from all parts of the

country poured into the treasury showing the work of the 2,000,000 agents. Among the towns which have exceeded their quota reported are Meriden and Danbury, N. H.

Boston, April 21—The first day sales of the Victory loans are estimated to total \$30,000,000 out of the district quota of \$75,000,000.

Detroit, April 21—Detroit claims the distinction of being the first large city to subscribe its full quota. It reported sales of \$37,000,000 while its quota was \$51,474,000. An effort is being made to double it.

## LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your greaser has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

## HEADWINDS STOP ATTEMPT AT OCEAN TRIP

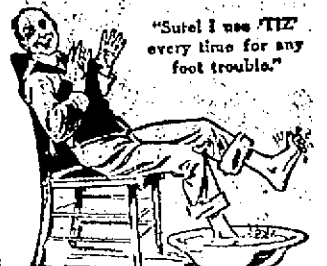

(By Associated Press.)  
St. John's, N. F., April 21—Continued reports of head winds in the mid-ocean caused another delay in the start of the transatlantic flight for the \$50,000 prize offered by the London Daily Mail. The aviators are already and waiting the first good weather report to hop off.

## GERMAN TROOPS ATTACK RED CROSS MISSION

(By Associated Press.)  
New York, April 21—German troops have attacked a Red Cross mission at Kovana, according to cable notices to the Lithuanian mission in this city. No details of the attack were made known but it was said that one soldier was killed in defending the Red Cross.

## "TIZ"—A JOY TO SORE, TIRED FEET

Use "Tiz" for aching, burning, puffed-up feet and corns or callouses.

"Sure! I use 'TIZ' every time for any foot trouble."

Good-bye, sore feet, burning feet, swollen feet, tender feet, hot feet. Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain in drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel.

Get a 25-cent box of "Tiz" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

## FACTS OF TEL. STRIKE; WHAT EMPLOYEES GAINED

Commenced Tuesday, April 15, at 7 A. M.

Settlement reached Sunday night, April 20.

Service resumed yesterday at 7 A. M. Toll operators first to report.

Number of operators on strike estimated at 8000.

Number of other telephone workers in great walkout estimated at 12,000.

Settlement reached at end of eight hours' conference between executives of the company and the strikers' committee.

All New England practically without service for entire week; settlement averted a general walkout of all organized labor.

John C. Koons, delegated by Postmaster-General Hughes to approve agreements reached, endorsed everything the conference agreed upon.

Operators of the Boston and metropolitan division met in the Grand Opera House at 8:30 Monday morning and ratified the settlement.

What the Strikers Gained

Recognition of the right of collective bargaining.

Permission to deal direct with the general manager of the company.

Elimination of Hudson ped-tape evasion and delay.

Maximum wage for operators increased \$1—from \$10 to \$11. Girls asked \$22.

Minimum wage for operators—be-ginners—increased \$2. Old scale \$2, new scale \$10.

Inside telephone men, cable splicers and linemen of three Boston locals won increase of 50 cents a day.

Men belonging to 23 outside locals awarded that increase of 50 cents a day. They asked \$1.10 increase.

Demands of operators retroactive to Dec. 31 and those of men to Feb. 1.

## LLOYD GEORGE TO RECEIVE IRISH DELEGATES

(By Associated Press.)  
Paris, April 21—David Lloyd George, the English Prime Minister today made an appointment to receive Ex-Governor Walsh and the other delegates from this city, who are seeking to get Ireland's claims before the Conference. He will meet them next week.

## NAVY MEN TO ASSIST IN OCEAN FLIGHT

(By Associated Press.)  
New York, April 21—Twenty-six mechanics, repair men and observers, left the Rockaway station today on the sub-clas for the Newfoundland coast. They will assist the Naval aviators in their flight across the Atlantic ocean.

## SCHOOL CHILDREN TO HAVE A FIELD DAY

Arrangements have been made by which the pupils of the fifth and sixth grades of the Farragut, Havana and Lafayette schools will hold an athletic

meet on Wednesday afternoon of this week at the Play Grounds.

The meet will be under the supervision of Capt. Shastan and the principals of the schools and the games will be the regular play grounds type, relay races and etc. There is a great interest in the meet and the boys of each of the schools have been very busy practicing for several weeks for this event.

## HOW THE TREATY WILL BE MADE PUBLIC

Paris, April 21 Associated Press—The Council of Four, in the interval before the peace treaty is handed to the German delegation, will take up the question of making the document public. Ray Stannard Baker, representing the American delegation, in agreement with the press advisers to the delegations of other countries, has recommended to the council the publication of the treaty immediately after its delivery to the Germans. Otherwise, it is pointed out, the first version of the important provisions of the treaty would be issued by the Germans and might be loaded up with German propaganda.

The plan proposed on behalf of the United States is for the American delegates to cable for simultaneous distribution on the American continents—first, a 250-word official summary of the treaty; second, a 500-word official summary; and third, the text of the treaty. The two summaries would be given to the American press at about the same time and the treaty a day or two later, the text possibly to be distributed by instalments as received.

The text of the covenant of the League of Nations has already been telegraphed to the State Department at Washington for release when authorized by President Wilson. Other parts of the treaty are likely to be cabled during the present week. The first dispatch, which may count up to nearly 100,000 words, can be cabled in four or five hours if all the cable lines are cleared for the purpose. The capacity of the cables is 500,000 words a day, and the associated governments could order the text of the peace treaty given first official priority so that the enormous task of transmission could be accomplished with less delay than a press message ordinarily requires.

On the day the peace treaty is signed the American correspondents will have their telephones in the Louvre XIV, bathroom in the Versailles palace. The entrance will be by a secret door not twenty yards from the peace table, into a little corridor, and thence down a few steps into the marble bathroom, which is sufficiently large for the installation of five or six telephones and one telegraph instrument.

Grave doubts were expressed today whether the perfected peace treaty would be presented to the German representatives the coming Friday. While the treaty will be communicated to them in substance, it is said in well-informed quarters that it will be physically impossible to prepare the document in its completed, final form in the four days remaining.

Fears are felt in some quarters that this unexpected development may affect the programme for the meeting planned for Friday at Versailles. If the German Government in reply to the ultimatum of the council takes a controversially regarding the status of its delegates and the procedure to be followed, it is conceivable that the arrival of the delegates at Versailles may be postponed.

## HOW TO SAVE ON SHOES

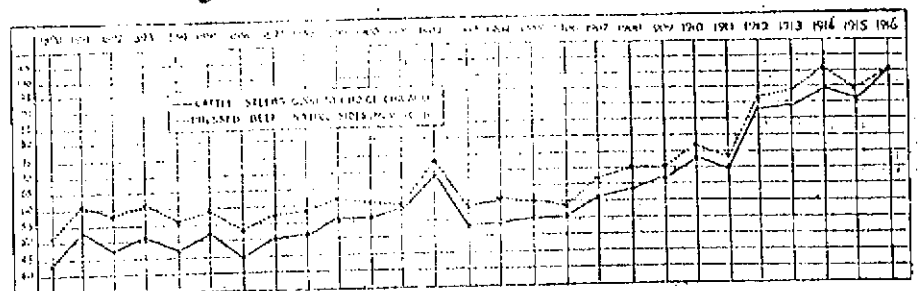

"Out of curiosity I tried a pair of Neolin Soles," writes W. P. Macarthy of St. Louis, "and today, after five months of hard service I fail to notice any real signs of wear on them."

This statement points the way to real economy in shoes. What your shoes cost, by the year, depends largely on how the soles wear and Neolin Soles do wear a very long time. Moreover, they are exceedingly comfortable and waterproof—scientifically made to be exactly what soles should be and so worn now by millions.

They are available everywhere on new shoes and for re-soles. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

## Why Beefsteak Is High

This chart was copied from Bulletin No. 220, U. S. Bureau of Labor Statistics. It is the latest that has been issued. 100=1916 price.

Remember when beefsteak was 20c a pound?

Now it's 40 and 50 cents a pound.

Why?

This chart shows that the price packers have had to pay for cattle has gone up with the price received for beef.

In fact, it shows, that the "spread" between cattle and beef prices has been gradually reduced during the past 30 years—owing to competition among packers, their increased efficiency, bigger volume, and elimination of waste.

The packer's profit of only a fraction of a cent per pound of meat has helped to narrow this "spread."

Increased farm-production costs have made higher cattle prices necessary.

U. S. S. BATTLESHIP KENTUCKY TO ARRIVE WEDNESDAY A. M. TO AID IN LIBERTY LOAN DRIVE

## NAVY YARD NOTES

Kentucky in Wednesday.

The U. S. S. Kentucky, cruising along the New England coast in the interest of the Fifth Liberty Loan drive will reach Portsmouth harbor on Wednesday and call on the following day.

Marines and Police Scrap.

Five Marines were arrested and five policemen were considerably battered in a fight between 75 Marines from the Newport torpedo station and 15 police Monday night. The trouble started, according to the police, when a group of Marines went to the rescue of a civilian who had been arrested. Other Marines rushed to their aid and reserve police were called out. One Marine required the services of a surgeon.

Boats Are Too Small.

The officials at the Portsmouth yard realize that the present ferry boats used between the station and Portsmouth are not large enough to meet the requirements and that something larger should be authorized by the Department.

German Sub Undergoing Repairs. The German sub N11 which is due to visit Portsmouth the first of the coming week is at New York navy yard for repairs. Her departure may be delayed.

Want Written Statement.

Orders were sent out today to the men of the naval reserve corps on all ships and stations calling for a written statement from them as to their decision in regard to remaining in the service during the period of national emergency.

Not a Man on Either Ship.

The U. S. S. Pittsburg at the local yard has made a request for a detail of 80 men from the receiving ship Southern and also of the receiving ship at Boston, but neither ship has any men available at present, consequently the matter was put up to the bureau and the men will likely be furnished from some other assembly base.

Fifty Go From the Prison.

Fifty men from the U. S. Naval Prison who have been restored to active duty were sent to the receiving ship at the Charlestown navy yard today.

Sailors Play Knights.

The Knights of Columbus ball team and the nine from the U. S. S. Southern will play on the playgrounds in this city on Thursday.

## RAILROAD NOTES

The adjourned meeting of the stockholders of the Concord and Montreal Railroad was held at Concord on Monday. Another meeting will take place on April 28 and May 5.

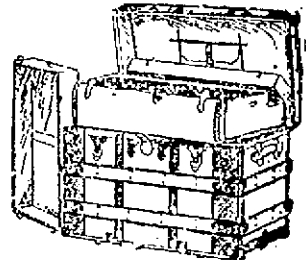

The B. & M. will issue a supplementary timetable on May 5, which does not include the return of the moon train between Concord and Portsmouth over the Southern Division.

The workmen's train from Newburyport to the L. H. Shattuck shipyard, Newington, was delayed at Hampton this morning for 15 minutes or more on account of a drawbar pulling out on one of the cars.

There have been several rumors that Grand Trunk passenger trains will be scheduled to arrive and depart from the Union station, Portland, after May 1, but up to this time no announcement has been made. It is expected, however, that arrangements will be made for the Montreal trains over the Grand Trunk to be scheduled to and from the Union Station when the summer train arrangement becomes effective. An early announcement is expected relative to this proposed change from the office of the director general of railroads.

## FRIENDS OF IRISH FREEDOM NOTES

Mr. Kelly, the speaker at the last meeting, made a splendid impression. He is a good talker, has a thorough grasp of the English language and of the Irish question, and is a true Irish elf. His humorous sallies caused frequent laughter while his convincing logic evoked pronounced applause.

of the war, which is to be known as the Victory Loan, and there is every reason to believe that the people of the country are ready for it. They have risen grandly to the calls for financial assistance in the past and there is no ground for fear that they will fail in their duty now, for the performance of the work that confronts them is a privilege as well as a duty, and the prompt and cheerful discharge of this duty is to be confidently looked for.

President Wilson calls upon the nation to redeem the pledges it made when it entered the war. Sixty thousand men have with their lives redeemed the covenant of blood made two years ago, and it now remains for the people to fulfill the pledge of treasure required. The sum asked for is \$4,500,000,000. It is a large amount of money, but this is a rich country in spite of the recent heavy drains that have been made on its resources, and the money can and will be raised without hardship to any person or any community. All that is necessary is general participation. There should be no standing back and waiting for the "other fellow" to shoulder the load, which will not be heavy if distributed among the people as a whole.

President Wilson speaks truly when he says: "Today the world stands freed from the threat of militarism which has long weighed upon the spirit and labor of peaceful nations. But as yet we stand only at the threshold of happier times. To enter we must fulfill to the utmost the engagements we have made. The Victory Liberty Loan is the indispensable means."

It is all a very simple proposition. The country has taken part in the greatest war in the history of the world. It could not avoid doing this and retain its honor and self-respect. The war was won, but the cost was tremendous and the financial obligations must be met. All intelligent men knew these would necessarily be heavy, but they are not beyond our strength. On the contrary, the country can meet them without serious inconvenience, so boundless are its resources.

The soldiers and sailors have done their part and done it well. They have covered themselves with glory and brought honors to the country they represented. The physical struggle is ended, but there is work yet to be done, and from this work the people will not shrink. Carter Glass, secretary of the treasury, says: "The American people should supplement the patriotism of war by the patriotism of peace."

And they will. They have not faltered in the past and they will not falter now. They have heard the call and are ready to respond. And the response will illustrate once more the capacity and the willingness of a great and free nation to meet every demand necessary to perpetuate its greatness and its liberty.

The prices of foodstuffs are again on the upward trend. There was a little shrinkage in February, but in March the prices of 22 articles advanced. This is rather discouraging. The people are paying heavy taxes on their property and incomes, and they feel that the time is at hand to lessen to some extent the tax on their patience.

The Treasury Department has decided to grant local option on the question of Sunday entertainments in aid of the Victory Loan, which enables every community to decide for itself. The action was taken as a result of protests from churches and clergymen against anything of that kind, and should be entirely satisfactory to the public.

Sylvia Pankhurst, daughter of the famous British suffragette, was one of three women ejected from the gallery in the House of Commons the other day for disorderly conduct, such as calling some of the members murderers, etc. The earnestness of the Pankhursts far exceeds their judgment and amiability.

The brewers of the New York district are

### SAY HIGHWAY IS IN BAD SHAPE IN KITTERY

The highway from the Portsmouth and Kittery bridge in Kittery to the navy yard is said to be very rough and automobile owners, especially are complaining bitterly of the condition which has caused damage to several machines on the way to and from the navy yard. Officers at the navy yard are said to be ready to judge a com-

plaint with the Selectmen in hopes that something will be done for the safety of vehicles on this part of the town highway.

Portsmouth's best known and most respected citizens, one who was known for his Christian characteristics, his principles and his loyalty to his friends and fellowmen. He was born in this city in the house now owned by Mrs. Shames on States street, opposite the Buckingham hotel. In early life he followed the sea and made long voyages to European ports. For years he resided in the historic Wentworth mansion at Little Harbor and he later sold it to J. Templeman Coolidge of Boston for a summer home. He also owned the Coffin place at Little Harbor, now a part of the Carey estate.

Rev. Mr. Israel was ordained an Adventist preacher about 25 years ago and after that did evangelistic work in the South for some time. He raised funds to build two Advent churches, one in Tampa, Florida, and one in Rochester. He long ago united with the Advent Christian church in this city and was one of the most active members. Gifted with inventive genius he won fame by inventions, among them being a type of large for carrying brick to and from the up-pipe brick yards and he was instrumental in starting the Piscataqua Navigation Company and was at one time one of the chief owners. He also invented a brick lifter and sold the patent later to a large firm in New York.

He is survived by his wife, who was formerly Miss Jennie Merrill of this city, and a sister, Mrs. McMahon of Washington; also a nephew, Robert McMahon.

Among those who met death among the colored troops in France was Sergeant Turner of the former Co. I, Sixth Mass. Regiment, who were stationed in this city at the beginning of the war guarding the Portsmouth and Kittery bridge across the Piscataqua.

Corporal Theodore Sullivan, another member of this company while at Portsmouth, was severely wounded in one of the engagements.

PORTSMOUTH THEATRE

The Naval Prisoners' Easter Show, which is to be given at the Portsmouth Music Hall on Friday and Saturday evenings and Saturday Matinee was produced at the Naval Prison last Saturday evening to an audience of prisoners and about forty visitors. The program was as follows: 1. Overture; "Doct and Nurse"; 2. An original dance-entertainment "In Old Madrid"; 3. "Vaudeville Stunts," including the Jazz Band; 4. Music by the Orchestra; 5. Three "Comic scenes from Shakespeare's "Midsummer Nights Dream" concluding with a wrestling match by two athletes and with three dances-Polka, Waltz and Galop, by thirty dancers.

The entertainment was pronounced "the best ever" by all who witnessed it. The vaudeville was extremely amusing. Among the performers were some of the most popular of these who appeared in the January show: Alice and Hall, the singers, and Wright, the wonderful dancer who, as one of the prisoners observed, has the best educated feet ever seen on the stage.

The Spanish pantomime proved to be wonderfully fascinating. It is entirely original and this is its first production on any stage. It was built around the Spanish dances. The Calchura, which made such a hit in the January show, and the young "faby" whose dancing created a genuine sensation. We have here a love story act-

# TELEPHONE SERVICE RESUMED

## Operators Return at Seven O'clock Monday Evening--Get Same Raise as Boston Operators

The telephone strike is officially and actually over and once more the full service of the telephone company is at the command of the public. It is doubtful if the general public ever appreciated the telephone, until this strike made people realize how indispensable they are for general every day life, and the strike in a measure has been a good thing for the company, as well as the operators.

There was some hitch in the orders regarding the local union and it was not officially declared off until seven o'clock, when the operators who would naturally report at that hour returned to their board, and later they were relieved by the regular night operator. While it was officially stated that the strike was settled on Sunday night and that the operators were to return

to work early Monday morning, the details were not arranged and it was three o'clock when the operators returned in Boston. A number of local operators had been ordered to at seven o'clock in the morning, but the local operators did not report until after the agreement had been ratified and a few minor details settled.

In the meanwhile the Local Union were without any information whatever from the Boston headquarters and they sent several telegrams, but did not get any response until after six o'clock.

The outside men who went out in sympathy with the operators received word from Manchester to return to work, and they all reported at one o'clock, thinking that the operators had returned.

The announcement that the strike

was settled, made everybody who had stopped using the telephone during the strike, start using it, with the result that the three operators who were seeking to give service were just swamped with calls and the result was a worse condition than any day of the strike.

The regular operators went to work at seven o'clock Monday evening and they were kept on the jump all the evening and they certainly did try and give everything they could in the way of service.

The local union shares in the wage advance agreed upon, but they are classed under Schedule B and get less salary than the Boston operators. They however get the same proportion raise, that is from \$13.70 to \$16.75 as maximum pay, and the beginning got an increase of two dollars a week. The Boston operators get \$19.

The operators are greatly pleased with the cordial support they received from the general public, and the easy way the strike was conducted with no bitterness on either side. They state that they appreciate the public support and good nature while being deprived of their phones and will in the future seek to give the very best service possible. Manager E. H. Brown who had a hard time of it, heaved a slight relief when the strike was declared off and the operators returned to work. He has sought to handle all emergency calls and with three operators has been able to get along wonderfully well.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dizziness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 30c and 50c a box. All druggists.

Interest of the Carpenters' Union and attended a meeting of the York Carpenters' Union.

## DOVER

Dover, April 22—James McLeod of Saugus Center, Mass., who was detailed to the shipyard at Newington in February, 1918, as government inspector of lumber, and who has resided in Dover since that time, will conclude his duties at the shipyard May 1. Inspector McLeod has enjoyed great popularity both in Dover and at the shipyard, and his departure will be greatly regretted. It is understood that the government will not appoint a successor to him, his release from service being in line with the shipping board's plan to curtail the inspection service at all shipyards. The duties of the office will be performed by one of the remaining government clerks.

Division No. 1 A, O. H., secured a great success last evening at the Dover opera house. It was the occasion of their annual Easter Monday concert and ball, and it is the opinion of good judges that the event last evening eclipsed all previous efforts of this popular organization. Music was furnished by McCarthy's orchestra of Houlton. The concert commenced at 8 o'clock and continued until 2 o'clock at which hour the members of the order and their ladies formed for the grand march.

The state convention of the Foresters of America, comprising more than 100 delegates from all sections of New Hampshire, will be held in this city on May 20. This being the first time in 15 years that the state convention of this order has been held here, the members of the Dover lodge feel highly honored and will do everything in their power to properly entertain the delegates of the convention. Francis J. McDonald and John J. Murphy have been appointed as a committee to make all necessary arrangements. Dr. Fred L. Bodwell, the well known agent of the Franklin automobile, returned home from Syracuse, N. Y., last Saturday afternoon with three new Franklin touring cars.

## THESE PEOPLE HAD NO REGARDS FOR H. C. L.

London, April 21—Dr. Saitan Penwick, in a lecture at the Institute of Hygiene on the "Eccentricities of Diet and Their Effects on Digestion," told of an 8-year old girl who often ate seven times as much as any other member of the family.

He told of an occasion when this child devoured an entire raw cod, two pounds of kitchen cannel and several pounds of butter.

The medical expert told of another girl locked in a garden for two hours, who ate every food she could lay hands on, most of the small things on shrubs, and was found in the act of gnawing a branch. He said he knew a boy who ate the whole of his clothing. A young man, he said, invaded a dairy and ate 20 raw eggs, six pounds of butter and drank three pints of milk and two bottles of wine.

# P. A. C. HOLD BIG EASTER BALL

## Governor and Staff Attend With Big Crowd--Big Success

The Portsmouth Athletic Club scored a big success on Monday evening with their Victory Easter ball, and they had one of the largest crowds of the season. It was not only a success from the attendance, but the donations from the audience and the general good time, were out of the ordinary.

The Governor, Mrs. Bartlett and his staff were present and were tendered a reception during the evening and took part in the match.

The hall was very handsomely decorated, the side walls and the facade of the gallery being draped with bunting and streamers of Japanese lanterns were festooned across the hall. The stage was also prettily arranged.

The three halls were used the annex for a cabaret and the upper hall for a smoking room, while the main hall was devoted to dancing, and part of the cabaret show was given on the main floor.

The music was by Marden's orchestra, Mrs. Clara Marden leader and it was excellent every number being just what the dancers wanted. One of the striking events of the evening was the singing by the club members from the gallery of "Smiles." They received an encore, but refused to respond to the second. This feature was under the personal direction of J. W. Newell.

The grand march which was a very

pretty feature was led by Lieut. Col. C. Fish, with Miss Georgia Mosch, followed by Governor and Mrs. John H. Bartlett, the members of the governor's staff and ladies and Mayor and Mrs. Hishop, it was well executed and there were upwards of a hundred couples in the line.

During the evening the cabaret show was given by two performers, one a female impersonator who danced.

Dancing was enjoyed until one o'clock and there were seventeen numbers and extras and the large crowd remained until the last number.

The following were the officers of the hall:

Chas. Marshall--Ralph B. Hill.

Assistant Marshals--Sherman P. Newton, John R. Pickering.

ing occupied by John Cummings.

The fire started in a couch in the kitchen and was working up through the partition when the firemen arrived. Combustions 3 and 4 handled the fire and had it under control in a short time. The building is owned by John Dowd and the loss is about \$300.

The cause of the fire is at present unknown as to one was in the building when the fire was discovered.

### POLICE COURT

Napoleon Lassard, formerly of Louisiana, was arrested by Officer Anderson on Monday on a larceny complaint. Lassard, who is engaged as a teamster for one of the construction firms at Atlantic Heights, is alleged to have stolen a large number of blankets, the property of the corporation. The finding of a bundle of blankets under far paper by boys near the small house where he lives led to a search of the building and the discovery of two blankets claimed as the property of the company. Lassard denies any connection with the missing articles and claims that the blankets found in his place were there when he rented the building from a man named Flynn.

He was arraigned today in the municipal court and a continuance requested by the state until Saturday, which the court granted.

Louis Tawle pleaded guilty to operating an automobile without a license and paid a fine of \$5 and costs of \$5.82.

Lessie C. Reagan of New Orleans was brought to the police headquarters today by a guard from Fort Constitution, New Castle. Reagan, who was discharged from the army for disability in 1917, attempted to recruit but was unable to do so. He has been getting rather queer and gave the army men more or less bother since he failed of a second enlistment. The officers at the Fort decided to turn him over to the civil authorities.

### HOME WEDDING

### Merrill-Daley Nuptials Occurred Last Evening.

A pretty home wedding took place Monday evening at 8:30 o'clock at the home of Joseph Marden, 40 Elyon avenue, when Miss Sybil Bryant Daley and Hayden Dunbar Merrill both of this city, were united in the holy bonds of matrimony.

The home was prettily decorated with flowers and ferns. The marriage service was performed by Rev. Percy Warren Caswell, pastor of the Court Street Christian church, and included an exchange of rings. The bride was given in marriage by her father, John D. Bryant.

The attendants were Miss Ethel Kenney as maid of honor and Willard Merrill, brother of the groom, best man.

Mr. and Mrs. Merrill will reside at 14 Elyon Avenue.

### OFFERED HOSPITALITY

The Portland Y. M. C. A. boys kept open house Monday for the boys on the U. S. S. Kentucky, which arrived here today to aid in the local campaign for the Fifth Liberty loan drive. During the day and evening the rooms were given over to the boys by boys here for rest and reading.
